

UPPER YAMPA WATER CONSERVANCY DISTRICT WATER AUGMENTATION CONTRACT QUESTIONNAIRE

Complete the questionnaire to determine if you are eligible to receive a water augmentation contract with the Upper Yampa Water Conservancy District (District), and if so, to identify what type of water augmentation contract you will need. If you are eligible, submit the completed questionnaire to the District at UYWCD@upperyampawater.com and request an augmentation application.

1. Contract Eligibility

A. Applicant

If you are applying as an individual(s), as opposed to a legal entity (corporation, partnership, LLC, etc.), can you provide evidence of lawful presence in the United States?

Yes No

- If yes, you will be required to complete an **Affidavit-Restrictions on Public Benefits** form and provide proof of identification as required. If property is owned jointly, all individuals must execute the attached **Affidavit-Restrictions on Public Benefits** and provide proof of identification.

B. District Boundary

Is the location of the water use for which you are seeking a water augmentation contract within both the District's Boundary and **Service Area A in 06CW49 Yampa River (A1, A2, A3, A4)** (<https://upperyampawater.com/yampa-river-augmentation-plan/>) or **Service Area A in 15CW3058 (A-1 Elk River, A-2 Elk River)** (<https://upperyampawater.com/elk-river-augmentation-plan/>)?

Yes

Which service area: Yampa Elk

No

- If you answered **NO** to either of these questions, you are **not eligible** to receive a water augmentation contract from the District. If you answered **YES** to both questions, continue to **Part 2** of this questionnaire.

2. Contract Type

A. Type of Water Use

Are you seeking a water augmentation contract for industrial water use? ___ Yes ___ No
Industrial = mining, power generation, etc.

- If you answered **YES** to industrial water use, then you will need a **LARGE** water augmentation contract.

Are you seeking a water augmentation contract for commercial water use? ___ Yes ___ No
Commercial = office, retail, restaurant, bar, warehouse, etc.

- If you answered **YES** to commercial water use, continue to **Part B**. Otherwise, continue to **Part C**.

B. Contract Size – Commercial

Is your commercial operation an office, retail or warehouse space? ___ Yes ___ No

Will your average daily water use be less than 15 gallons per minute (gpm)? ___ Yes ___ No
For reference, a garden hose fully open flows at a rate of approximately 5 gpm

- If you answered **YES** to both questions, then you will need a **SMALL** water augmentation contract. Otherwise, you will need a **LARGE** water augmentation contract.

C. Contract Size – Non-Commercial (domestic, irrigation, recreation, livestock watering)

Will your average daily water use be less than 112 gpm? ___ Yes ___ No

Will your annual water use be less than 30 acre-feet (ac-ft)? ___ Yes ___ No
For reference, a single-family home with a 2,500 ft² lawn diverts approximately 0.5 ac-ft annually, and a pond with a surface area of 1.0 acre evaporates approximately 3.0 ac-ft annually.

- If you answered **YES** to both questions, then you will need a **SMALL** water augmentation contract. Otherwise, you will need a **LARGE** water augmentation contract.
